

## nüvi® 755T

Part Number: 010-00715-30

Navigation takes a high-tech turn with nüvi 755T, featuring lane assist. This feature guides you to the proper lane for navigation. nüvi 755T also includes preloaded maps, turn-by-turn directions that call out streets by name and lifetime traffic. Like the rest of the nüvi 705-series, this advanced navigator comes with premium features including 3-D building view, photo navigation, faster screen redraws, route planning, emergency and car locators and much more.

### Know the Lane Before It's Too Late

nüvi 755T takes navigation to the next level with lane assist. No more guessing which lane you need to be in to make an upcoming turn. Lane assist guides you to the correct lane for an approaching turn or exit, making unfamiliar intersections and exits easy to navigate. It realistically displays road signs and junctions on your route along with arrows that indicate the proper lane for navigation.

### Get Turn-by-Turn Directions

nüvi 755T's intuitive interface greets you with two simple questions: "Where to?" and "View Map." Touch the color screen to easily look up addresses and services and get voice-prompted, turn-by-turn directions that speak street names to your destination. It comes preloaded with detailed City Navigator® NT street maps, nearly 6 million points of interest (POIs) and features digital elevation maps and 3-D building view in some areas to help you orient yourself with your surroundings. You can also upload custom points of interest (POIs). With HotFix™ satellite prediction, nüvi calculates your position faster to get you there quicker, and its ultra-fast map redraw ensures a smooth user interface.

### Avoid Traffic Tie-ups

Steer clear of traffic with nüvi 755T's integrated FM traffic receiver. Receive alerts about traffic delays and road construction that lie ahead on your route. Next, simply touch nüvi's screen to view traffic details or detour around the problem area.

### Find Yourself, Your Car

Keep track of yourself and your car with nüvi 755T. Just tap the "Where Am I?" emergency locator to find the closest hospitals, police stations, fuel stations, nearest address and intersection. Also see your exact latitude and longitude coordinates. nüvi 755T even remembers where you parked. It automatically marks your position when you remove it from the windshield mount, so you can navigate with nüvi on foot and find your way back to your vehicle. Perfect for unfamiliar spots and crowded lots such as amusement parks, stadiums and malls.

### Plan Ahead

nüvi 755T includes advanced navigation features to take the worry out of traveling. With route planning you can save 10 routes, specify via points and preview simulated turns on the 755T's wide screen. In addition, nüvi 755T automatically sorts multiple destinations to provide an efficient route for errands, deliveries or sales calls. It also displays speed limits for highways and Interstates. A trip log provides an electronic bread crumb trail of up to 10,000 points, so you can see where you've been on the map.

### See More

With nüvi 755T's widescreen display, you'll always get the big picture. View map detail, driving directions, photos and more in bright, brilliant color. Its sunlight-readable, 4.3-inch display is easy to read — from any direction.
