

### “DURARITE”

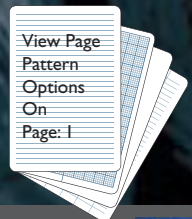

“DuraRite” is a “synthetic” paper created for use in extreme conditions. It is actually **waterproof** and can even be used under water.

#### “DuraRite” Spiral Notebooks (4 5/8" x 7")

Get the waterproof benefits of “DuraRite” with the added benefit of opening back to back. Our notebooks have a white Polydura cover, a tough wire-o binding, and 64 pages (32 sheets).

Item	Pattern	Price

**What's the difference between “Rite in the Rain” and “DuraRite”?**

“Rite in the Rain” is a wet strength wood-based paper that has an all-weather writing surface.

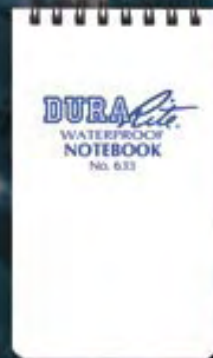

“DuraRite” is a synthetic plastic paper that is designed for extreme conditions.

#### “DuraRite” Pocket Notebooks

Now you can have a quality waterproof notebook that fits in your pocket! Our “DuraRite” Pocket Notebooks have 100 Universal Pattern pages (50 sheets).

Item	Description	Price
635	3" x 5"	
646	4" x 6"	

#### “DuraRite” Loose Leaf (4 5/8" x 7")

This is the only loose leaf that you'll want to take under water. Add, remove, or file your “DuraRite” loose leaf sheets. These sheets are sold in packs of 100 sheets. Use with binder No. 200 or 210.

No. 200 Field Ring Binder.

**DURARITE™ (synthetic)**

See our waterproof copy and ink-jet paper solutions on page 8!

**“Weatherjet”** is a synthetic stock specifically designed for ink-jet printers. The micro-porous surface absorbs the ink making a waterproof print!

**“DuraCopy”** is a synthetic stock made to withstand high fuser temperatures in your photocopier or laser printer. Not for ink-jet printers.
